VTG 2026: Driving Industry Evolution for Textile, Garment, and Footwear Manufacturers

Vietnam's textile, garment, and footwear industries are gearing up for a major leap forward as **400 global brands** from **11 countries and regions** converge at VTG 2026 – the Vietnam International Textile and Garment Industry Exhibition. Taking place from October 14–17 at the Saigon Exhibition and Convention Center (SECC), this must-attend annual industry event will feature **610 booths** across **15,000 square meters**, bringing manufacturers and buyers together to explore new technologies, source solutions, and build business partnerships.

Organized by Vinexad National Trade Fair & Advertising JSC and Yorkers Trade & Marketing Service Co., Ltd., VTG 2026 will be held alongside VFM (The Vietnam International Footwear Machinery & Material Industry Exhibition), VITATEX (The 24th Vietnam International Textile and Apparel Accessories Exhibition), and DYECHEM (The Vietnam International Dyeing & Chemical Industry Exhibition). Covering the production chain from textiles and dyeing to garment and footwear manufacturing, the four-show lineup will feature automated machinery, functional fabrics, eco-friendly chemicals, innovative accessories, digital solutions, and more, presented by exhibitors from Bangladesh, Bulgaria, China, Hong Kong, India, Japan, Singapore, South Korea, Taiwan, Thailand, and Vietnam.

Power the Next Stage of Textile and Garment Growth

According to Vietnam's National Statistics Office, the country's textile and garment exports reached US$26.9 billion in the first eight months of 2026, up 1.6% year on year. As the market continues to grow, manufacturers are seeking to strengthen competitiveness and meet rising demands for quality, speed, and flexibility, making investment in automated, efficient, high-precision machinery increasingly important.

Among the exhibitors presenting textile and garment machinery at VTG 2026, **ROSHOW**, **CBL**, and **EMBPRIN** will showcase advanced computerized embroidery machines, while **BROTHER**, **PEGASUS**, **KANSAI**, **HASHIMA**, and **JUITA** will introduce high-performance sewing machinery designed for a wide

range of fabrics. **EPSON**, **SANSIN**, **DTF**, **INFINITE CREATION**, **THN VIET NAM**, and **GOLDEN LIGHT** will also present digital textile printing equipment for diverse production applications.

Meanwhile, green transition and product differentiation are playing a greater role in Vietnam's shift toward higher-value-added manufacturing. Reflecting this trend, functional and natural-fiber fabrics are attracting growing interest. **JAY JAY**, **REGEN-TECH**, **REO ECO**, and **TUNGTEX** will showcase innovative and traceable fabric solutions at the exhibition.

Beyond machinery and fabrics, VTG 2026 will cover solutions across other key stages of textile production. **PERKA** will present advanced testing equipment, **HUNTSMAN** will introduce advanced chemicals for efficient dyeing and consistent production, and **VAN NANG BANOK** will showcase textile accessories for garment tagging and identification solutions. This range gives buyers access to machinery, fabrics, chemicals, testing systems, and production support solutions within the same sourcing visit.

Vietnam Reaches a New Milestone in Footwear Exports

Vietnam's footwear industry reached a new milestone in the first half of 2026, overtaking China as the largest supplier to the US market for the first time. Export revenue totaled US$11.95 billion during the six months, edging up 0.5% year-on-year. This stronger market position is placing greater emphasis on production capacity, process control, and manufacturing technology.

VFM 2026 will cover equipment for each stage of footwear production, from material preparation and shaping to bonding and final inspection. **TAIWEI MACHINERY**, **GUANGSU**, **JINGNENG**, and **NIPPY KIKAI** specialize in splitting and skiving machinery; **CHUANLI, TENGYULONG**, **SINCERE**, and **FULIDE** focus on shaping, roughing, and bonding equipment; and **ERLANGSHEN** and **TIANHONG** provide inspection solutions for quality control. As Vietnam solidifies its position as a global footwear powerhouse, these advanced manufacturing solutions will be instrumental in helping producers sustain their competitive edge and meet stringent international standards.

Blueprint for Modern Manufacturing: Smart, Sustainable, and Future-Ready

More than an exhibition, VTG 2026 will team up with top industry associations - including the Vietnam Waste Recycling Association (VWRA), the Association of Garment-Textile-Embroidery-Knitting in HCM City (AGTEK), the Leather, Footwear and Handbag Association of Ho Chi Minh City (SLA), and the Vietnam Cotton & Spinning Association (VCOSA) to host a powerful 3-day seminar series. These sessions will share practical, must-know strategies to help textile, garment, and footwear manufacturers build a smarter, greener, and world-class supply chain.

As global markets shift faster than ever, staying competitive requires more than just keeping up; it demands bold action, smart innovation, and strong partnerships. VTG 2026 provides the ultimate platform for industry professionals to connect with key players, discover breakthrough solutions, and gain the expert insights needed to future-proof their business. Whether you are looking to optimize operations, embrace sustainability, or expand your global reach, this is the one event you cannot afford to miss.

Join VTG 2026 and Lead the Way into A New Era of Manufacturing Success

Driving this industry-wide transformation is a powerful coalition of Vietnam's top authorities. For this year's event, VTG is proud to receive strong backing from co-organizers, Guangdong Sewing Equipment Chamber of Commerce, Guangdong Shoe-Making Machinery Association, and Paper Communication Exhibition Services, with further support from key local associations, such as Vietnam Cotton & Spinning Association (VCOSA), Association of Garment-Textile-Embroidery-Knitting in HCM City (AGTEK), Vietnam Association of Mechanical Industry (VAMI), Vietnam Waste Recycling Association (VWRA), and The Leather, Footwear and Handbag Association of Ho Chi Minh City (SLA).

The future of manufacturing is opening its doors soon! From game-changing innovations to powerful industry networks, everything you need to scale your business is waiting for you at VTG 2026. Don't let your competitors stay a step ahead. Mark your calendar, complete the visitor pre-registration, and join us at VTG 2026 to lead the way into a new era of manufacturing success!
