

SHIMA SEIKI to Exhibit at IGATEX Pakistan 2024

Leading Japanese computerized flat knitting technologist SHIMA SEIKI MFG., LTD. of Wakayama, Japan will exhibit at the upcoming International Exhibition for Garment, Textile Machinery and Accessories (IGATEX Pakistan 2024) exhibition to be held in Lahore, Pakistan next month.

On display will be SHIMA SEIKI's N.SSR®072 14G computerized flat knitting machine and SDS®-ONE APEX4 3D design system.

Shown for the first time in Pakistan, SHIMA SEIKI's new N.SSR®072 computerized jacquard collar machine can produce shaped collars efficiently based on computer-generated designs. N.SSR®072 is based on the workhorse N.SSR®112 garment shaping machine, and offers similar industry-leading technology in an economical yet reliable package. Made-in-Japan quality, reliability, productivity, user-friendliness and cost-performance combine to satisfy the high expectations placed on the world's fashion industry.

Design is demonstrated on SHIMA SEIKI's SDS®-ONE APEX4 design system. At the core of the company's "Total Fashion System" concept, it provides comprehensive support throughout the supply chain, integrating production into one smooth and efficient workflow from yarn development, product planning and design, to machine programming, production and even sales promotion. Especially effective is the way SDS®-ONE APEX4 improves on the product planning and design evaluation process by replacing physical samples with digital prototypes. Based on photo-realistic simulations, these virtual samples minimize the need for actual sample-making, realizing significant savings in time, cost and material.

Exhibition Details

Exhibition: IGATEX Pakistan 2024
Date: Wednesday, 1st - Saturday, 4th May 2024
Hours: 10:00AM - 6:00PM
Location: Expo Centre, Lahore
Main Exhibition Halls
1-A Abdul Haque Rd.,
Trade Centre Commercial Area Phase 2
Johar Town, Lahore, Punjab 54782, Pakistan
Tel: +92 (42) 111-092-042
Organizer: Fakt Exhibitions (Pvt.) Ltd.
Booth No.: G-26, Hall no. 2

Exhibited Technology

N.SSR®072 C14G Computerized flat knitting machine
SDS®-ONE APEX4 3D design system
