

ITMA Asia Singapore exhibitor list published New mobile app enhances visitor planning experience.

ITMA ASIA + CITME, Singapore 2025 has unveiled its exhibitor list via a dedicated mobile app, now available for Android and iOS users. The four-day exhibition, set to take place at Singapore Expo, has already attracted more than 770 exhibitors from 31 countries and regions, reflecting continued industry confidence in the event's international appeal.

Despite the official sales application period having ended, organisers report a steady influx of new applications, underlining robust demand for participation in the region's premier textile machinery showcase. Covering 70,000 square metres of gross exhibition space, the event spans 19 product sectors representing the entire textile manufacturing value chain.

To streamline the visitor experience, the newly launched mobile app includes features such as itinerary planning, bookmarking, and a built-in wayfinder to optimise booth visits. The tool is also useful for exhibitors aiming to identify potential partners and networking opportunities efficiently.

While the exhibitor list is currently accessible only via the app, an online version will be made available on the official exhibition website by the end of June.

Jointly owned by CEMATEX and its Chinese partners – the China Textile Machinery Association (CTMA) and the Sub-Council of Textile Industry, CCPIT (CCPIT TEX) – the event is organised by ITMA Services Pte Ltd and co-organised by Beijing Textile Machinery International Exhibition Co., Ltd (BJITME). The Japan Textile Machinery Association (JTMA) is a special partner for the 2025 edition.

Early bird online badge registration is available at www.itmaasiasingapore.com until 28 September 2025.
