FOR IMMEDIATE RELEASE

InkJetBiz Completes Renovation of Technology and Training Center *Expands Digital Imaging and Training Showroom*

Sunnyvale, California, June 2023, InkJetBiz (IJB) is thrilled to unveil its updated Digital Imaging and Training Center. This groundbreaking revised showroom represents a significant milestone in the company's commitment to continue providing training and innovation for the digital imaging industry.

The IJB Digital Imaging and Training Center has been updated to a state-of-the-art facility designed to provide users with the capabilities to explore and be trained in the endless possibilities of digital imaging technology. Visitors will be able to witness firsthand the latest advancements in graphic design, printing and cutting, by demoing the newest equipment, software, and training programs.

Key features of the InkJetBiz Digital Imaging and Training Center

Advanced Equipment and Technology: The IJB showroom showcases a wide array of top-of-the-line printing equipment, including products from Crio, Graphics One, EPSON, GCC, Mutoh, Prism Inks, Roland, Siser and other brands. Visitors can test and experiment with the products in order to fully grasp their capabilities prior to making a purchase.

Interactive Workstations: The showroom offers workstations equipped with editing, RIP and printer control software tools. Visitors can engage in hands-on activities guided by expert trainers who will be available to provide personalized assistance and guidance.

Training Programs and Workshops: As part of its commitment to education and skill development, IJB conducts ongoing weekly training programs and workshops in the showroom. These sessions empower enthusiasts and professionals alike to expand their knowledge and expertise.
