CTC22 postponement eng

**Owing to evolving pandemic circumstances in Shanghai, the organisers have announced that Cinte Techtexsil China will no longer be taking place from 7 – 9 December 2022 at the National Exhibition and Convention Center (Shanghai). A new fair date in 2023 will be announced in due course.**

Ms Wilmet Shea, Deputy General Manager of Messe Frankfurt (HK) Ltd, explained: "While it is unfortunate that Cinte Techtexsil China cannot take place as scheduled, after holding talks with stakeholders we decided that deferring the fair was necessary to comply with the government's pandemic control measures. I would like to thank all participants for their patience and continued support, and to reiterate our resolve to provide a safe platform for the technical textile and nonwovens industry to congregate next year."

Cinte Techtexsil China's product categories cover 12 application areas, which comprehensively span a full range of potential uses in modern technical textiles and nonwovens. These categories also cover the entire industry, from upstream technology and raw materials providers to finished fabrics, chemicals and other solutions. This scope of product groups and application areas ensures that the fair is an effective business platform for the entire industry. The 2021 edition attracted 366 exhibitors and recorded 14,868 visits. The fair is organised by Messe Frankfurt (HK) Ltd; the Sub-Council of Textile Industry, CCPIT; and the China Nonwovens & Industrial Textiles Association (CNITA).
